Experience

- Developed websites to work properly across Microsoft, Google, and Mozilla browsers. Skills: Html, CSS, JavaScript, bootstrap and react.
- 2022 Jun present ~ freelance web developer in Upwork.
- Leveraged design and functionality know-how to manage end-to-end website development projects for my clients.
- Web Lead Google Developer Student Club (GDSC), Umma University May 2022 - Present.

Projects

- **Banking app sample**
    - This is a simple real life like banking app where users can log in and do some transactions. I built it using HTML, CSS and JavaScript.

- **ludo game**
    - This is a simple ludo game where two players can play and win the game. Also built it using HTML, CSS and JavaScript.

- **Bank website**
  - This is a sample of a bank website with different features like a sign-up section and testimonial from users.

- **Quote generating app**
  - This is a quote generating app that I built using HTML, CSS and JavaScript API.
- **A porfolio website**
  - In this portfolio website of mine one can interact with various projects I built and contact me.
